

# DESPERATE HOUSECAT PRIMROSE A822928

**PRIMROSE** is obviously not losing any sleep over the fact that she has no teeth! Especially because she gets all the wet food she wants. ☺ She arrived at AAC as a stray, and has been treated for URI more than once (she may have chronic symptoms, which resemble a cold or allergies). **PRIMROSE** did well in the shelter, but we moved her into a foster home to find out more about her. She is super sweet and laidback! During the day she mostly keeps to herself, but at dinnertime she becomes a real ham (rubbing on her foster parents for attention). At night **PRIMROSE** lies nearby or sleeps on the bed with her humans, and is pretty tolerant of snuggling. She may have a little joint wear as she takes the stairs one at a time. At times **PRIMROSE** is playful, preferring standalone toys such as the balls attached to a cat tower or paper balls on the floor. She has never hissed at the other cats and dogs in the home, and she doesn't demand attention from them. She is not picky about her food and loves treats.

- ◆ 10 years old, torbie, spayed, NO TEETH
- ◆ INTAKE: 9/11/2020
- ◆ Rubs against you when she wants attention
- ◆ Sometimes Playful – Likes paper balls
- ◆ Laidback; Will sleep with you at night
- ◆ Fine with other cats and dogs; should be good with children; Wouldn't mind being the only pet

To adopt **PRIMROSE**, visit [www.austintexas.gov/department/adopt-pet](http://www.austintexas.gov/department/adopt-pet)
