

DESPERATE HOUSECAT PUFF A842743

PUFF was brought to AAC by the only owner she ever had because she was being bullied by the other cats in the home. She was very bonded to her human, and will likely form a close bond with the right adopter in time. **PUFF** is very shy (especially in the shelter), and qualifies as a **CACTUS CAT** (<http://austintexas.gov/page/cactus-cats>). She is also a **CAT PAWSITIVE** feline (she is going through clicker training). Dedicated staff and volunteers are working to help her build confidence, both with humans and with other cats (who aren't bullies). **PUFF** is known to be playful, and to like cuddling with her human. She is going to be happiest in a quiet home where she can live indoors and have access to the outside.
