

DESPERATE HOUSECAT PUMPKIN A734396

Do you have room for an extremely sweet seasonal gourd? **PUMPKIN** REALLY wants her next home to be her last! She was brought to AAC five years ago, and was soon adopted. Sadly, her owner recently passed away, so she is now back in the shelter system. Her foster dad says that **'she is the very best girl!'** **PUMPKIN** is a low key gal who is happy napping the day away near her humans and asking for booty and belly scratches. She's a great conversational partner, responding with chirps when you call her (she knows her name). Bring out the laser pointer or crinkle toys and **PUMPKIN's** playful side activates. **PUMPKIN** is working on shedding some extra weight and would love a home to help her continue her weight loss journey.

PUMPKIN's on Instagram: Notoriouslynikk

- ◆ 13 years old, torbie, spayed
