

# DESPERATE HOUSECAT RUBY A847056

A true gem, **RUBY** is as tough as she is sweet! She was brought to AAC as an injured stray (her pelvic area was fractured). Implant surgery was successfully performed, and **RUBY** moved into a foster home to complete her recovery. **RUBY** fought through the pain in her back legs, and with physical therapy, she started walking again. She is a bit shy, and may hide when you first meet her. She's very easy to coax out of hiding, and she LOVES to be petted. Right now **RUBY** can't jump up or down, but if you put her in your lap, she enjoys sitting there for as long as you want to give her love. **RUBY** needs a quiet home with no dogs or young children.
