

# DESPERATE HOUSECAT RYAN A840676

**RYAN** is an adorable, former community cat who was brought to AAC with an eye injury. His eye has been treated and is now completely healed. He's nervous and scared in the shelter, but thanks to dedicated volunteers and staff, **RYAN** is becoming more comfortable with humans. Once he knows a person, he will sit in their lap and enjoys being petted. He's still not comfortable with being picked up, but as his trust in humans grows, this may be possible. **RYAN** needs a very patient adopter who will give him time to adjust to a new environment. He seems fine with other cats and may be ok with cat friendly dogs.
