

DESPERATE HOUSECAT SHAKIRA A829757

Take a chance and adopt **SHAKIRA**! She'll need time to adjust to a new environment and new people, but once she's ready, she will bond with you and be a wonderful companion!

SHAKIRA lived with one family her entire life, but they brought her to AAC because they could no longer take care of her. She lived with multiple cats, several adults, and a 12 year old child. Because **SHAKIRA** is shy, she's having a tough time in the shelter. She is in the **CACTUS CATS** program (<http://austintexas.gov/page/cactus-cats>) and is also a **CAT PAWSITIVE** feline (she is going through clicker training). She is learning to trust humans again, and is starting to enjoy being petted again (she'll respond by purring). **SHAKIRA** needs to go home with an experienced and patient adopter.
