

DESPERATE HOUSECAT

SIR SQUISHUMS A904357

SIR SQUISHUMS is a survivor! Brought to AAC as a stray, he was extremely thin and had a severe case of dermatitis. Through all of his treatments, **SIR SQUISHUMS** remained gentle and easy to handle. Now that he's made a complete recovery, he's showing us that he wants nothing more than to cuddle with his human(s). He seems to be comfortable with other cats, and we think he may enjoy the company of older children. **SIR SQUISHUMS** deserves to be in a real home, either through adoption or through foster.
