

DESPERATE HOUSECAT SNOWBALL A876670

SNOWBALL has been through a lot, and now he's ready for his new forever home! His only owner passed away, and because he stopped eating after this happened (they were very bonded), **SNOWBALL** found himself at AAC. He was terrified in the shelter, so we moved him into a foster home for supportive care. After several weeks, **SNOWBALL** made a complete recovery, and gained back the weight he had lost. He's very shy with new people, which qualifies **SNOWBALL** as a **CACTUS CAT** (<http://austintexas.gov/page/cactus-cats>). He'll need time with a patient adopter to adjust to a quiet home. He's extremely sweet, and loves to be brushed (he'll walk up to you when he sees the brush). **SNOWBALL** enjoys being petted, and once he feels comfortable with his surroundings, we believe he's going to be a very loving companion.
