

DESPERATE HOUSECAT STELLA A845738

STELLA!!!! **STELLA** was brought to AAC as an injured stray after being attacked by a dog. Understandably, she has been scared and shy in the shelter environment. Staff and volunteers have been working with her, and **STELLA** now enjoys being petted, and she loves belly rubs. She is very playful, and she **LOVES** other cats. Now that **STELLA** is living in a group room, she is doing so well! She just needs time to adjust to new people and a new environment. A quiet home with another cat would be the best situation for her.
