

DESPERATE HOUSECAT STEVE A881191

STEVE arrived at AAC with several other cats, and all of them were treated for intestinal issues. Now that he's completely recovered, **STEVE** is ready for his forever home. He is not quite comfortable with humans, so he will need time to acclimate to a new environment with a very patient, cat-savvy adopter (or foster) to work with him. **STEVE** qualifies as a **CACTUS CAT** (<http://austintexas.gov/page/cactus-cats>) and he's currently going through clicker training (he's mastered the nose boop). **STEVE** is wonderful with other cats, and would do best in a quiet home with at least one cat buddy. A cat friend could prove very beneficial in helping **STEVE** become accustomed to people.
