VIOLET

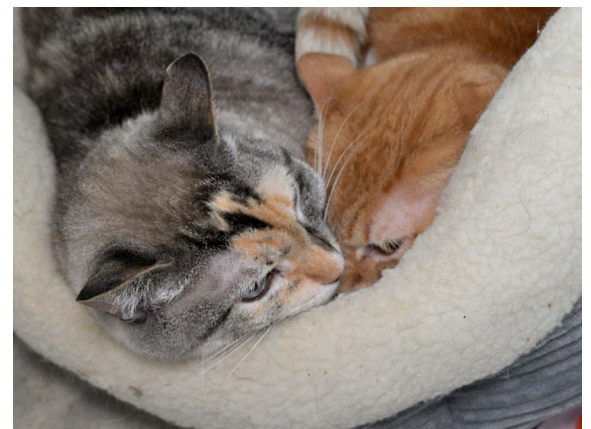

DESPERATE HOUSECATS

SUNFLOWER A855567 & VIOLET A855571
~~~MUST BE ADOPTED TOGETHER~~~

SUNFLOWER and **VIOLET** arrived at AAC together and are very bonded. They are always seen together, whether it's cuddling or just hanging out. They are very shy and usually don't solicit attention, but if you go slowly, you may be able to pet them (and they seem to enjoy it). **SUNFLOWER** and **VIOLET** are great with other cats, and if adopted into a home with another cat, it's likely that they will learn from their cat buddy that humans are really ok.

- ◆ **SUNFLOWER:** 2 years old, orange tabby and white, spayed
- ◆ **VIOLET:** 2 years old, tortie point/lynx point, Siamese, spayed
- ◆ **INTAKE:** 4/19/2022
- ◆ Learning to trust humans; Very shy
- ◆ Good with other cats; Unknown around dogs; Not recommended for young children
- ◆ **MUST** be adopted together

*The adoption fee is **WAIVED** for **SUNFLOWER & VIOLET** and **ALL Desperate Housecats!**
