

# DESPERATE HOUSECAT T-BONE 16431

**T-BONE** was brought to AAS as a very timid, shy kitten. Dedicated staff and volunteers immediately started working with him, utilizing clicker training via our **CACTUS CATS** program - <http://austintexas.gov/page/cactus-cats>. **T-BONE** has made progress, but he still tends to hide from people he doesn't know. He needs at least one cat friend in his new home, a confident cat who will help him feel more comfortable around humans. **T-BONE** will do best in a quiet home with an adopter who will give him all the time he needs to relax and adjust to a new environment.

- ◆ **DOB: 6/17/2025, cream tabby, neutered**
