DESPERATE HOUSECATS

TABITHA 27309 & JOYCE 27310

~~~MUST BE ADOPTED TOGETHER~~~

TABITHA and her sister **JOYCE** have been together since they were kittens. Their only owner recently passed away, so they are understandably confused about being at AAS. They are described as **playful, friendly, and cuddly**. **TABITHA** is **curious and smart**; she loves to look out the window and watch people and birds. **JOYCE** is **more independent, and a little shy**. She will follow you around, and will come to you when she wants affection. Both of them like to be brushed, and can be picked up and held. Because they are older and have been through a lot, we would **LOVE** to see **TABITHA** and **JOYCE** out of the shelter, either through adoption or foster.
