

# DESPERATE HOUSECAT TASHA A858750

Gorgeous **TASHA** is a sweetheart! She arrived at AAC as a very thin stray with an unthrifty coat. Turns out she has hyperthyroidism (a common disease in older cats). **TASHA** has been thoroughly tested, and is now on a low dose of methimazole to keep her thyroid regulated. **TASHA** will be on this medication for the rest of her life, and it costs less than \$5 a month (she's super easy to medicate). **TASHA** has gained weight, she is healthy, and her coat is beautiful. She seeks attention and is a lap cat. She **LOVES** treats and being brushed. **TASHA** is known to be good with other cats, and may be fine with dogs and children.

- ◆ 8 years old, blue, spayed
- ◆ INTAKE: 6/3/2022
- ◆ A little shy at first, warms up quickly
- ◆ **LOVES** being petted and brushed
- ◆ Lap Cat
- ◆ Good with other cats; May be fine with dogs; Probably comfortable around children

*The adoption fee is **WAIVED** for **TASHA** and **ALL Desperate Housecats!**
