

DESPERATE HOUSECAT THALIA A876549

THALIA was brought to AAC with several other cats after being rescued from a stressful situation! She is funny, very energetic, playful, and can be a lap cat. She can also be unpredictable, perhaps because she's stuck in a kennel and has little opportunity to burn off energy. **THALIA** seems to thrive in the company of other cats, and would probably do best in a home with at least one cat buddy to play with. She has mastered the nose boop, thanks to clicker training. **THALIA** likes to be petted and can be very affectionate. Because she's sometimes temperamental, we recommend a home with a very experienced cat adopter. We'd love to see **THALIA** out of the shelter through adoption or foster soon!
