

# DESPERATE HOUSECAT TYGA A881844

Simply Stunning! **TYGA** was brought to AAC by her owner after she got caught in a fence, injured her rear leg, and bit her tongue. She has been treated and made a full recovery, but the shelter is a scary place for her, and **TYGA** is a bit on the shy side. She qualifies as a **CACTUS CAT** (<http://austintexas.gov/page/cactus-cats>) and is quickly catching on to clicker training. As **TYGA** is gaining confidence, she is seeking affection, even rolling on her back for a belly rub. She's becoming a lap cat, and loves to be brushed. **TYGA** does well with other cats and children.
