

DESPERATE HOUSECAT YERBA 13380

YERBA is a scared little guy, and shows it by hissing. But he's also a huge fan of Churu treats, so if you offer him some, he'll calm down pretty quickly and allow you to pet him. Because he's nervous and shy, **YERBA** qualifies as a CACTUS CAT - <http://austintexas.gov/page/cactus-cats>. He is an expert at the nose-boop, and is very playful (he likes wand toys). **YERBA** needs a quiet environment, patience, and consistency, and it would be a plus if he had a cat buddy to pal around with. He was brought in with **TEA**, and although they don't need to be adopted together, they play with each other and enjoy each other's company.
