

DESPERATE HOUSECAT YETI A839859

After spending his entire life with the same owner, **YETI** found himself at AAC after they passed away. Now living in a foster home, his foster mom describes **YETI** as “a very social cat. He follows you around like a dog and loves to cuddle on the couch.” Sometimes he’s a bit shy when he meets new people, but he usually warms up quickly. **YETI** is affectionate, quiet and low maintenance. He likes to sit near (or on) you. He is playful and likes to be brushed.
