

DESPERATE HOUSECAT ZOEY A864508

ZOEY has been through a lot, yet she remains DELIGHTFUL! She arrived at AAC as a badly injured stray, so please ignore her obvious battle scars (she's not aware of them). **ZOEY**'s right knee was shattered and couldn't be surgically repaired, but she gets around well (with a slight limp). She climbs cat trees, runs and plays, and jumps in laps (her favorite activity). She also had a severe laceration to the right of her nose. Since **ZOEY** is breathing well through both nasal passages, the decision was made to not realign her nose, as that would most likely have left her without an open right nasal passage. Some of her teeth were chipped, but her mouth is healthy and comfortable. **ZOEY** is extremely social, and will climb into your lap as soon as you sit down. She likes belly rubs, plays gently and gives soft love nips. She gets along with other cats, but is sometimes jealous if they are taking a human's attention away from her. 😊
