

DESPERATE HOUSECAT CHARLOTTE 26830

With her perfect 'beauty marked' nose and her 'paint dipped' tail, **CHARLOTTE** is SO adorable! Add to that her winning personality, and you've got a fabulous companion. She had been living in the community for about a year, and when she arrived at AAS, she was very thin, with a URI and a healing wound. **CHARLOTTE** was treated for everything, and made a complete recovery (she was a model patient). She looks and feels great, and is friendly, affectionate, and LOVES being petted. So much so that she will lean hard into your hand to make sure she gets all the attention she wants. **CHARLOTTE** is a lap cat, and will give you the 'cherished' elevator butt. She may do well with other cats, but slow, proper intros are a must. You definitely can't go wrong with adopting **CHARLOTTE**.
