

DESPERATE HOUSECAT CHEDDAR 19898

Meet **CHEDDAR**, a handsome boy who is ready to turn the page on his past. For most of his life he was a **stray**, navigating the world on his own until the staff at AAS rescued him. After several months, **CHEDDAR** found his way into a foster home, and he has absolutely blossomed. While he is still a shy boy who needs time to adjust, he is becoming the **sweetest companion** you could ask for. **CHEDDAR** is a big talker who will happily tell you about his day. He is a **soulmate cat** who loves to be **petted** and thrives on being near his person. He's a bit on the thin side, but extra love and some calorie-dense kitten food are already helping him fill out. **CHEDDAR** shares his foster home with a large Goldendoodle and another male cat, and he totally loves his friends. He adores grooming his feline brother and often looks to his canine friend for comfort and protection. **CHEDDAR** is excellent at **communicating his needs**—if he gets overwhelmed, he knows exactly where to go to find a quiet, private nap spot. **CHEDDAR** is looking for a very experienced cat owner and a stable, quiet forever home where he can continue to build his confidence and finally be the sweet boy he was always meant to be.
