

DESPERATE HOUSECAT CROSBY 18309

CROSBY is a shy, curious, and playful! A member of our CACTUS CATS program - <http://austintexas.gov/page/cactus-cats>, he will warm up to you with time, patience, and slow movements. Thanks to his foster parents, who have worked diligently with **CROSBY**, he likes being near them, and is a superb cuddler at night. Before mealtime, he winds around their ankles and makes the cutest, high-pitched meow to encourage them to put down his kibble bowl faster. **CROSBY** gets along well with other cats; gender and age don't matter to him. He makes friends quickly and likes to snuggle with them. He's polite when he plays chase with other kitties. He'll work a puzzle board or bat toys around. He enjoys short playing sessions, but **CROSBY** is a lazy bones who is content to snooze the day away in a comfy spot. This sweet boy will be a wonderful companion for your household, which should include a cat friend.
