

DESPERATE HOUSECAT

DAISY 29377

This **very sweet girl** came from a home with **WAY too many cats!** DAISY **doesn't mind a cat or two** (given proper intros), but she **needs her own space**. When first arrived at AAS, she was understandably scared and flighty. She has **mellowed a lot** and now loves being petted. DAISY is currently in foster care, and she's **a little shy at first**, but once she warms up, her **sweet personality really shines**. She spends much of her time snoozing in a cozy bed, but don't let that fool you: she gets fun **bursts of zoomies when the mood strikes!** She also loves to eat, so mealtime is a favorite part of her day. DAISY is **not demanding**, but could benefit from a dental cleaning. Given her history (she got very little if any attention), we would **LOVE to see her in a quiet home** that makes her feel safe and loved!
Oh, and she's a proud Longhorn fan, so Hook 'em, DAISY! 🤘

- **4 years old, gray tabby, spayed**
- **INTAKE: 7/3/2026**
- Loves attention
- **Might be a lap cat**
- Enjoys having her own space
- **Should be fine with other cats given proper intros;**
  Unknown around dogs;
  Probably good with older children
