

DESPERATE HOUSECAT EDUARDO 29980

EDUARDO was living in the community for several years, but was not thriving, so he was rescued and brought to AAS. He is used to being an indoor cat and may have been abandoned by his owner. He is very shy, so we have placed **EDUARDO** in our CACTUS CATS program - <http://austintexas.gov/page/cactus-cats>. If you slowly offer your hand, he will relax and eagerly accept pets. He loves other cats, and he will be happiest in a quiet home with a cat buddy for company. **EDUARDO**'s left eye is small or missing due to a chronic issue. It doesn't bother him, but he has no vision in that eye. **EDUARDO** is looking forward to living in a calm environment where he can come out of his shell at his own pace.
