

DESPERATE HOUSECAT GRACE 30505

GRACE is ready for a quieter life. She came from a situation with a large number of felines (her roommates came from this same situation), and **didn't receive much socialization**. When she first arrived at the shelter, she was terrified. She has **calmed down a lot**, but is still very shy. **GRACE** was treated for a URI, during which she **started becoming more confident around humans**. She is still building trust, and may run when you try to meet her. **GRACE LOVES** other cats, and her best situation will be in a quiet home with **one or two cat friends**. Feline buddies will be instrumental in helping her relax and feel at home. She needs patience and plenty of time to acclimate at her own pace.
