

DESPERATE HOUSECAT HARRY 24738

Not a private person? Then **HARRY** is just right for you! He'll be all in your business, but in such a **loving way** that you won't mind. 😊 **HARRY** arrived at AAS with a left-sided head tilt, a URI, and a wobbly walk. He moved into foster care and was treated for a possible middle/inner ear infection with antibiotics for six weeks. The **wobbliness** and **URI** resolved, and the **head tilt** is **much better**. He will likely be prone to external ear infections, so to help prevent these, ear cleaning is recommended once or twice a week (we'll give you some epi-otic to get you started). To say that **HARRY** is fabulous with other cats is an understatement! He would be happiest having a cat buddy in his new home. He is friendly, affectionate (he'll sometimes give luv nips), loving, social, and an all-around wonderful companion!

- ◆ 6 years old, orange tabby, neutered
- ◆ **INTAKE: 4/22/2026**
- ◆ Sometimes gives luv nips to show his affection
- ◆ Enjoys being brushed; Playful
- ◆ Wants to be near his people
- ◆ Great with other cats; Unknown around dogs; Should be good with older children

The adoption fee is **WAIVED** for **HARRY** and **ALL** Desperate Housecats!
To adopt **HARRY**, visit www.austintexas.gov/department/adopt-pet
