

DESPERATE HOUSECAT JOSIE 24832

WHEW! Gorgeous **JOSIE** has earned a home of her own after raising **SIX** kittens. She and her babies have been living in foster care, and now that five of them have been adopted, she's ready to start the next chapter of her life. **JOSIE** is sweet and petite, and is a lap cat. She loves attention and likes being near her foster mom. Rather than meow, she prefers to speak in soft chirps or trills. When the resident cat was nearby, **JOSIE** was protective of her kittens, but she may be fine around another cat friendly feline given slow introductions. She's very easy going and seems to adapt well to most environments.
