

DESPERATE HOUSECAT KIWI 27533

KIWI was living outdoors in the country, but when her caregiver passed away, she was brought to AAS. She has seen that humans are kind and can be trusted, but she is extremely shy around them. Now a member of our CACTUS CATS program -

<http://austintexas.gov/page/cactus-cats>, **KIWI** is becoming more comfortable with the help of staff and volunteers. She is great with other cats, and would benefit from living in a quiet home with a cat friend. This friend (or friends) could help her acclimate to a new environment. In addition, **KIWI** needs a patient, experienced cat person who will give her the time and space she needs to settle into their household.

- ◆ 4 years old, brown tabby, spayed
- ◆ INTAKE: 6/8/2026
- ◆ Will do best with a cat buddy
- ◆ Continuing to gain confidence
- ◆ Very shy; Needs time to adjust
- ◆ Great with other cats; Unknown with dogs;
Not recommended for young children

*The adoption fee is WAIVED for **KIWI** and ALL Desperate Housecats!*
