

DESPERATE HOUSECAT

OLIVER SEBASTIAN 21243

OLIVER SEBASTIAN was brought to AAS because his owner could no longer take care of him. They told us that he is **very affectionate**, and **loves being petted**. They also said that he suffers from anxiety and was occasionally having litter box accidents. There was another cat in the home, and **OLIVER SEBASTIAN** does **NOT** like other animals. Another cat being present could be the reason he felt so anxious, and why he didn't always use the litterbox. **Being stuck in a kennel surrounded by other cats isn't helping either**. We would love to see **OLIVER SEBASTIAN** out of the shelter through either adoption or foster.
