

DESPERATE HOUSECAT PENNY 26248

PENNY is a high energy feline! She also doesn't care for other cats. She was adopted from AAS when she was a kitten, and was returned because she didn't get along with the other cat in the home. **PENNY** is one of the happiest, most vibrant cats you will ever meet. She carries her tail high, greets you with her signature chirpy meow, and follows her person everywhere with genuine enthusiasm. **PENNY LOVES** to play, and often gets **overstimulated**, causing her to play too rough, and to bite without warning. In her previous home, the presence of another cat contributed to her aggressive behavior. **PENNY** will likely thrive in a home where she is the only pet, and where she has safe access to the outdoors, such as a catio. She needs a **VERY** experienced cat person to help her behave appropriately.
