

# DESPERATE HOUSECAT PEREGRINE 16399

Stinkin' adorable **PEREGRINE** is often seen snuggling with one of her roommates, and although she's shy, you can usually pet her (go slow). She arrived at AAS from a community of cats, so being in the shelter has been a bit scary for her. **PEREGRINE** qualifies as a **CACTUS CAT** - <http://austintexas.gov/page/cactus-cats>, and has learned that people are good to have around. She'll often stretch out and purr while being petted. **PEREGRINE** will need a bit of time and patience to adjust to a new household, but soon she'll be purring away, and may even cuddle with you. **She will do best in a home with a cat buddy.**
