

DESPERATE HOUSECAT RABBIT 14322

RABBIT and several of his cat friends arrived at AAS after their owner moved and didn't take them along. Because he is so shy, he is benefiting from our **CACTUS CATS** program - <http://austintexas.gov/page/cactus-cats>. Dedicated staff and volunteers are helping **RABBIT** feel more comfortable with humans. He is playful, and is often seen cuddling with one of his roommates. **RABBIT** needs a patient and experienced adopter who is willing to give him the time and space he needs to adjust to a new household. He will be happiest in a quiet home with a cat friend.
