

DESPERATE HOUSECAT SAMANTHA 26055

SAMANTHA is ready for a calmer life. She is wonderful with other cats, but came from a situation with a large number of felines (**ATHENA** came from this same situation). She's a little shy, but once you start petting her, she is friendly and very sweet. Even during her initial vet exam, **SAMANTHA** was cuddly and seeking attention. She is a lap cat, and is easy to pick up and hold. Her best situation will be in a quiet home with perhaps one or two cat friends.
