

# DESPERATE HOUSECAT SHREW 14323

**SHREW**'s owner moved and left him and his cat buddies to take care of themselves. Thankfully, a Good Sam brought all of them to AAS. He is very shy, and is now a member of our CACTUS CATS program - <http://austintexas.gov/page/cactus-cats>. He is receiving extra attention from staff and volunteers, and is becoming more comfortable with humans. **SHREW** is playful, and interacting with him during playtime can help him feel more confident. **SHREW** needs at least one cat friend in his new home, which should also include a patient human who can give him the time he needs to adjust.
