~~~MUST BE ADOPTED TOGETHER~~~

STORMY and her sister **SHADOW** have been together their entire lives. They were adopted as kittens, but were surrendered to AAS because of allergies in the family. Their owner described them as friendly, cuddly lap cats. **STORMY** REALLY loves laps (especially if you are a man 😊). **SHADOW** is easily held, and loves to be petted. Because **STORMY** and **SHADOW** start out a little shy, they are members of our Cactus Cats program - <http://austintexas.gov/page/cactus-cats>. As they are gaining confidence, they are becoming more and more delightful to be around. Both of them like to be brushed, and even allow their nails to be trimmed. We would LOVE to see **STORMY** and **SHADOW** out of the shelter, either through adoption or foster.
